

Classes are Now

The Studio School of Dance

Class is so much fun! I love my teacher! We do fun combinations every class! The music is great and so exciting to dance to! Wow, dance is amazing, thanks Mom & Dad!

What you hear the most in class. 5,6,7,8

Did You Know?

Adults love to dance too.

If your kids think your crazy, let them. Just because your over 20 does not mean you can not feel the joy of dance. No other exercise replaces the feeling one gets from accomplishing a new movement or putting a beautiful dance combination together. The Brain & Body working together! Beautiful!

What Comes Next!

The next date all our dancers need to know

Thanksgiving: The Studio is Closed - Oct. 12, 13, 14

(your not missing out on a class - we start on a weekend and end on a weekend - all good)

HALLOWEEN: The Studio is closed on October 31st for all those trick or treaters and of course for all those parents who must hand out candy to the crazy kids at the door. Want to wear your costume to class! Go For It!

Underway!

Another dance year is underway! All our dancers are settling into their classes and enjoying the magic of dance. Stay tuned for information each and every month!

Bring A Friend to Dance Class

TSSD dancers love to share their love of dance with their friends

DANCE TIP #3

Always try to get to the dance studio about 15 min. Before class begins. The dancers like to climatize before their class starts.

Why do we not have a viewing window.

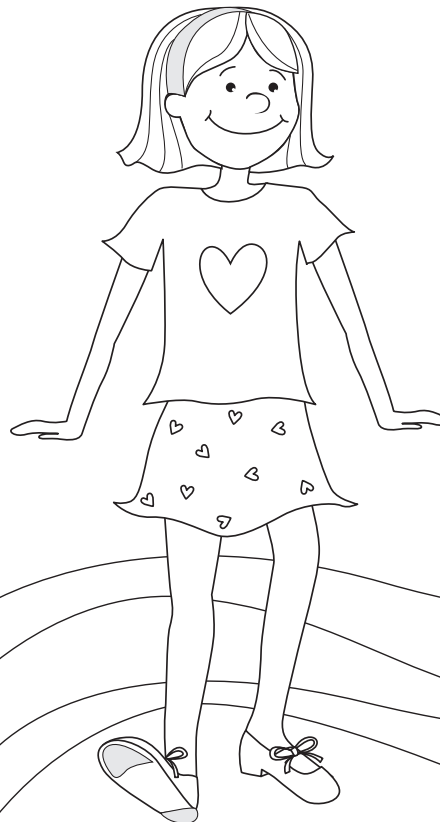

This is a question which comes up frequently, especially for the younger dancer. The Studio wants you to enjoy and relax while your dancer is in class. The dancer will grow so much faster when they are focused on 'dance'.

Mommy & Daddy peaking through the window is a classroom distraction. (sad but true). The Studio School of Dance does have a pre-Christmas viewing week for all to see what the dancers have been up to!

Want to try a tap class. The studio does have some tap shoes available if your dancer would like to TRY a TAP CLASS

Tap is so much fun when the dancer becomes the musical instrument. Very cool.....

HEEL DIG

**Flex your foot
out in front
then place your
heel tap down.
Lift your knee
then drop your foot
to make the
heel dig sound.**

What style of tap shoe is required for a tap class or a tap add on

KinderSteps and Small Fry classes required - Beige Mary Jane tap shoe - taps are already on the shoe and they have a velcro closing

Sometimes the Mary Jane will come with a clip on bow. Please remove the bow.

Also, available is the patent leather tap shoe with a ribbon tie if you cannot find the Mary Jane.

Junior levels: Beige Capezio cuban hello (another brand works too)

Pre-Intermediate - Senior Levels - Black flats with lace up.

For the Advanced Dancer. Have you ever wanted to try a hand made pair of Miller & Ben Tap Shoes. Here is your chance on October 16th in Orleans. Book your appointment today!
